REPORT AND RECOMMENDATION

TO THE HONORABLE ARIZONA TRANSPORTATION BOARD:

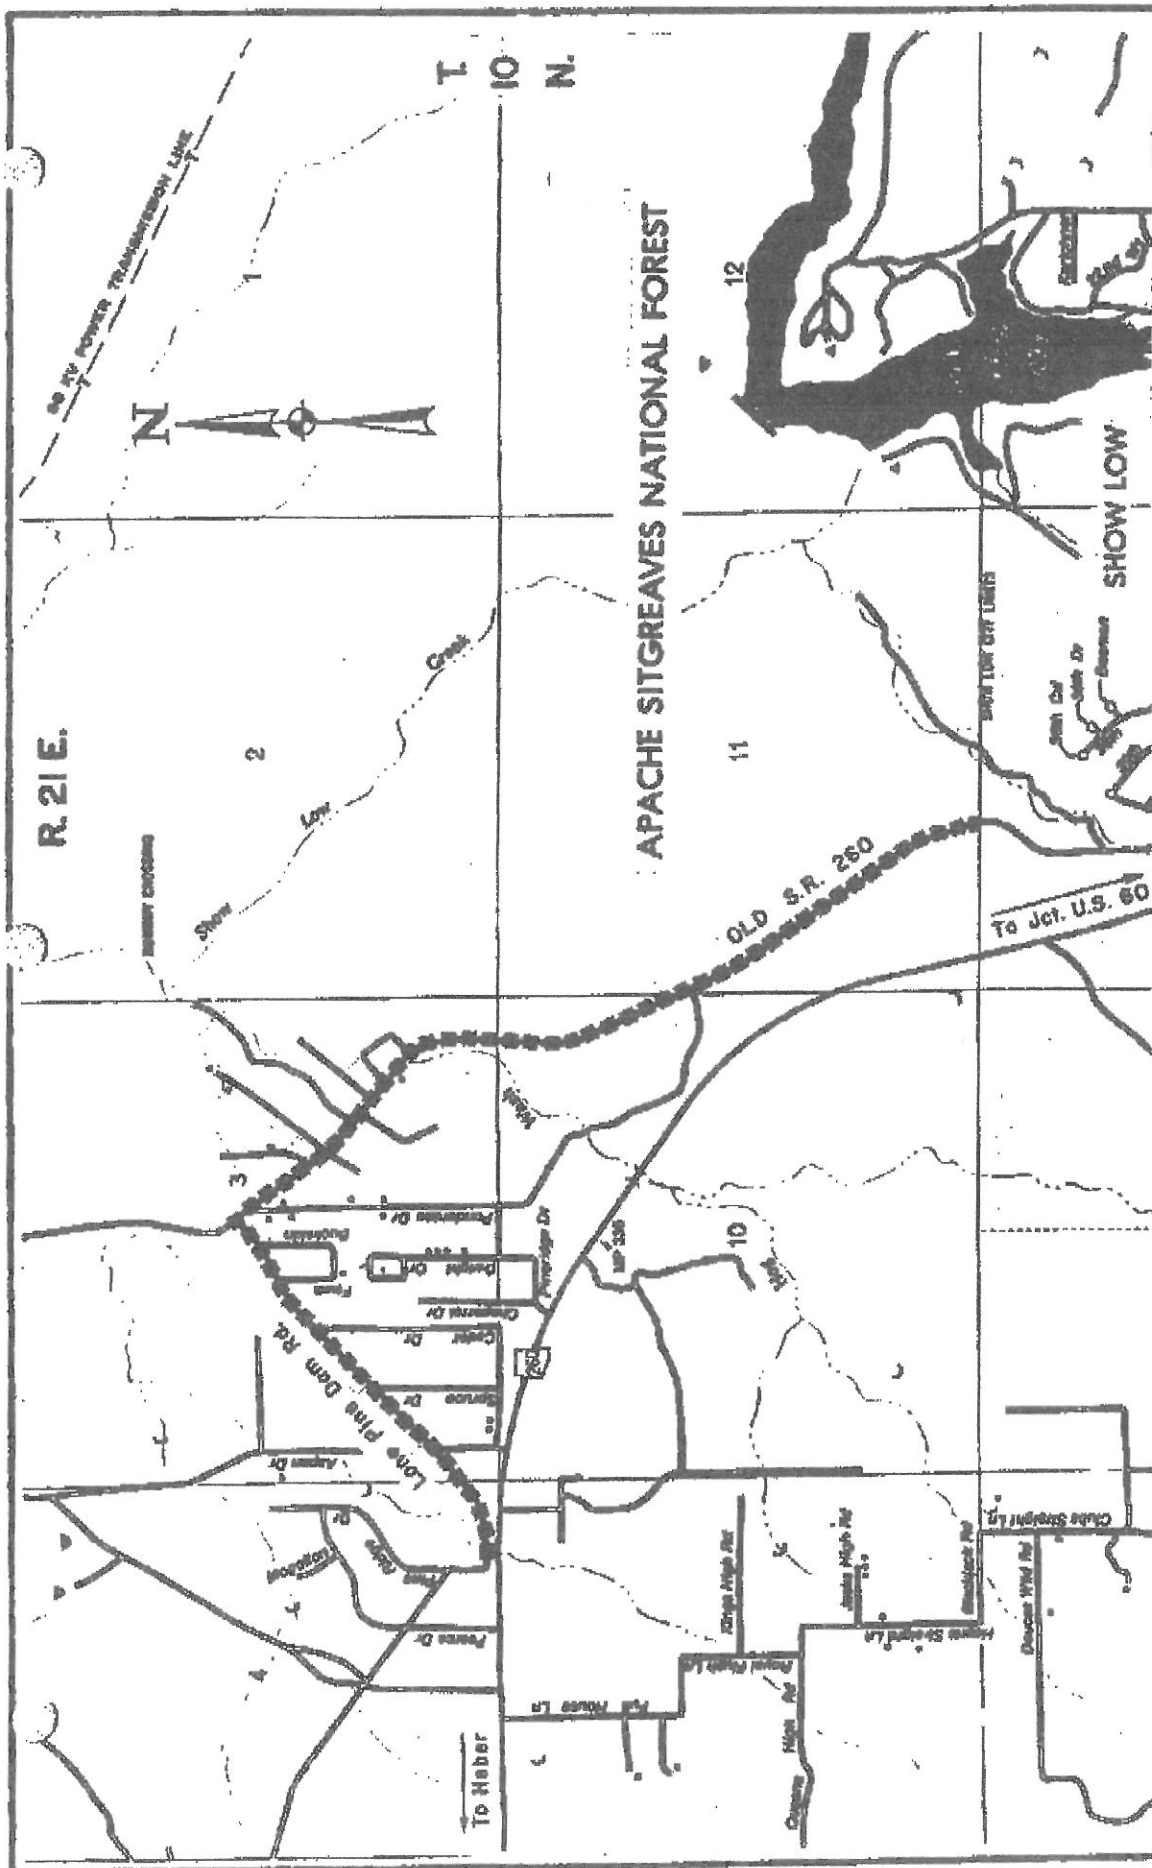

The Intermodal Transportation Division has made a thorough investigation concerning the abandonment of a portion of the right of way acquired for Old State Route 160 within the above referenced project. This portion was previously established as a State Route and State Highway by Arizona Highway Commission Resolution dated January 10, 1995, page 141 of the Official Minutes.

A portion of the previously acquired right of way is no longer needed for state transportation purposes. In accordance with Arizona Revised Statutes 28-106H(2), the Department previously issued Navajo County an advance Four Years Notice of Abandonment through Arizona Transportation Board Resolution 94-05-A-022, dated May 13, 1994, recorded May 26, 1994 in Docket 1185, page 179.

Navajo County has now agreed to accept jurisdiction of the right of way. Accordingly, I recommend that the State's interest in the portion of right of way be abandoned.

The portion of right of way to be abandoned is depicted in Appendix "A" and delineated on the maps and plans on file in the office of the State Engineer, Intermodal Transportation Division, Phoenix, Arizona, entitled "Right of Way Plans, PAYSON - SHOW LOW Highway, Project 160NA000H088801R / S-309-501."

I further recommend that the portion of right of way depicted in Appendix "A" be removed from the State highway system and abandoned to Navajo County.

I further recommend that Resolution of Advance Four Years Notice of Abandonment 94-05-A-022, dated May 13, 1994, recorded May 26, 1994, in Docket 1185, page 179, be superseded and replaced by the action taken herein.

All other rights of way and easements and appurtenances thereto subject to the provisions of Arizona Revised Statutes Section 28-1903 shall continue as they existed prior to the disposal of right of way depicted in Appendix "A".

Pursuant to Arizona Revised Statutes Section 28-1864, I recommend that the Transportation Board adopt a resolution making this recommendation effective.
